Sewing Section

Sewing is one of the oldest textile arts, arising in the Paleolithic era. Now a dark world passing in the 20th century. During the 20th century as sewing machine become more affordable to working class, demand & fashion. We also run this trend for working a good, comfortable & quality Garments. Our garments manufacturing unit is fully equipped with modern machines and facilities. About 1000 skilled workforce produce 6 Lac pcs finished garments per month as required as buyer.

Power And Energy

Considering the irregular and insufficient power supply system of our country, we have a complete power supply unit to ensure 24 hours self-generated power supply for entire project. Power generation capacity: 800 KVA

Compressor room (55 kg.)

Perkins 800KVA Generator

Power Substation

Safety And Security

Ocean State Limited has equipped the factory with high quality fire protection system. Besides adequate firefighting equipment, total factory is covered under addressable fire detection system. More than 200 smoke and heat detecting device have been installed to detect the fire. So, from the control room one can easily detect the position if any incident occurs.

Fire hydrant system with dedicated fire pump, water reservoir has been installed to fight against fire. In warehouse water sprinkler system has been installed.

Above all, in the training center proper fire training and awareness program are arranged for the workers. A dedicated firefighting unit has been deployed to face from the front in case fire breaks out

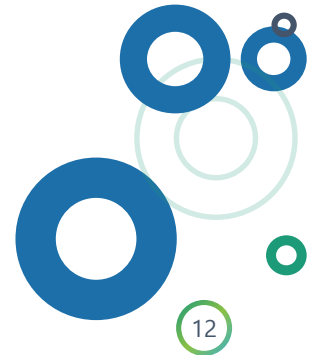

Fire Hydrant System

Fire Hose Rack with using Instruction in Every Floor

Fire Extinguisher & Smoke Detector

Other`s Facilities

We provide intimate care to the children of our workers by providing them with safe, clean and hygienic childcare room with specialized childcare babysitters . Our childcare room is equipped with diapers, wipes and other necessities to keep babies clean and healthy.

Considering the provision of medical facility to our workers and staffs under the **prevailing** labor act we have set-up a complete dispensary supported by one medical officer and one trained nurse. Necessary first aid, along with supply of medicines is provided from this dispensary. We also set a wider lunch canteen with comfortable table & chair for our worker.

The 5 S

SORT / CLEARING

Throw away unnecessary and unrelated materials in your workplace.

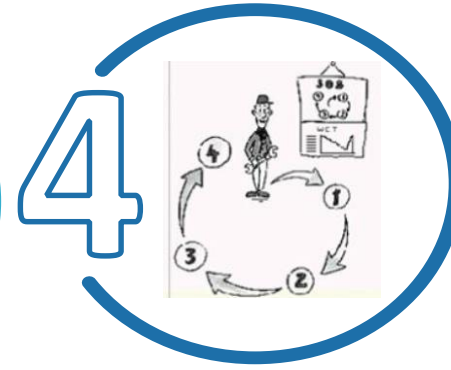

SETT / ORGANIZE

Set everything in proper place for quick retrieval and storage

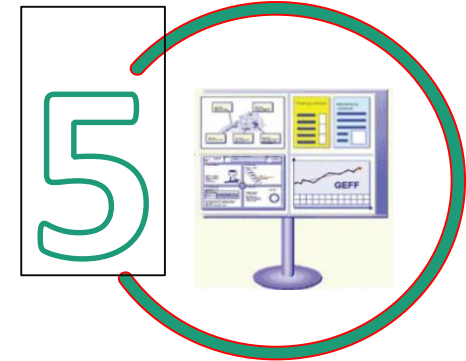

SHINE & SWEEP

Clean the workplace; everyone should be a janitor

STANDARDIZE

Standardize the way of maintaining order and cleanliness

SUSTAIN

Practice '5 S' daily — make it a way of life; this also means `commitment`

THANK YOU
